Projects

Live Colab Website | *HTML, CSS, JS, .ejs, WebSocket, MongoDB, Express.js, Chart.js* - Group Project

- Engineered a real-time collaborative data visualization platform supporting **CSV, JSON, and API**-based data inputs, used by over **15 test users**.
- Integrated **user authentication**, **role-based access control**, and in-app collaboration tools with **cloud deployment**; designed intuitive tools like **filters** and **annotations**, improving usability by **30%**.

Collaborative Coding Platform | *HTML, CSS, JavaScript, React.js, Express.js, MongoDB*

- Built a MERN-based full-stack coding environment with **multi-language support** and **Gemini-powered AI code assistance**, enhancing productivity by **40%** in peer testing.
- Implemented secure **JWT authentication** and modular **project management** features for seamless collaboration.
- Integrated real-time coding using **Monaco Editor** with **permissioned editing**, **invite-based project sharing**, and a fully **responsive UI** designed for **interviews and pair programming**.

Machine Learning Models | *Python, PyTorch, NumPy, Matplotlib, Pandas*

- Implemented core ML algorithms including **Linear/Polynomial/Logistic Regression**, **ANN**, **KNN**, **K-Means**, and **CNN** on **MNIST and Fashion MNIST datasets**.
- Boosted model accuracy by up to **12%** through **data transformations** like **normalization** and **hyperparameter tuning**.

Technical Skills

Languages: C++, C, Python, HTML, CSS, JavaScript
Technologies: React.js, Node.js, Express.js, MongoDB, Vite, Bootstrap, Tailwind CSS, NumPy, Pandas, MatplotLib, Pytorch
Concepts: Data Structures and Algorithm, Object Oriented Programming, Operating System, Discrete Mathematics

Achievements

- Secured 1st Place, Agglomeration 1.0 Hackathon (Dept. of CSE, IIT ISM Dhanbad) – for best performing solution on assigned problem statement. Certificate
- Successfully completed the **Google Student Upskilling Program**. Certificate
- Earned spot in the **Salesforce Futureforce Tech Accelerator Event** through a rigorous interview and online assessment process, gaining the knowledge of Agentic AI, cloud services and CRM solutions.
- Top 20 out of 400+ in Competitive Coding Club (C3) recruitment, IIT(ISM) Dhanbad.
- Ranked 10th out of 100+ teams in Code Conquest, a flagship coding competition under Concetto'24.
- **AIR 2559**, JEE Advanced 2023 – among top 0.2% nationwide.
- CodeForces: rohangarg1446 | Max Rating: **1644 (Expert)** | Solved 1000+ Questions.
- CodeChef: rohan.garg | Max Rating: **1842 (4 star)**
